Misc. - DRD Consultation

LOGNOTE -- Chief, Operations Group, 12 June 1979

2. [] DAILY REPORT STUDY--Chris Trump, the assistant dean at Columbia's J-School, called 11 June to say he and Steve Conn would like to begin the Daily Report study 18 June. A check with admin, however, indicated that security approvals would not be in hand before 9 July. I therefore asked Trump if he could reschedule it for a date later this summer. Trump called back today to say they can do it 9-20 July, but because of other commitments not later. I informed Admin and C/DRD and we are proceeding on the assumption that all approvals will be in hand by that time. Dee will make hotel reservations. (A/IUO)
